FRONT-END DEVELOPER

As a Front-End Developer, I'm currently seeking new opportunities to leverage my skills in building responsive and user-friendly web applications. I'm focused on creating clean, efficient code and delivering exceptional user experiences. Eager to join a new team where I can contribute to impactful projects, collaborate with talented professionals, and continue to grow both personally and professionally

SKILLS

| | | | |
|-----------------|------------------------|--------------------------|------------------|
| HTML | CSS | Javascript | Wordpress |
| Vue.js 3 | Nuxt.js | Tailwind | Bootstrap |
| MySQL | API integration | Responsive Design | Git |
| Laravel | Figma | | |

EXPERIENCE

FRONT-END DEVELOPER

HMR Philippines

January 2023 - Present

- Developed and maintained responsive, user-centric web interfaces with modern front-end frameworks.
- Contributed to projects from conception to deployment with a focus on code quality and performance. Collaborated closely with UX/UI designers to transform wireframes and prototypes into high-quality, interactive user experiences.
- Integrated RESTful APIs to ensure seamless front-to-backend communication and dynamic data rendering.
- Update, Troubleshooting, debugging, and optimized code to resolve performance issues and ensure smooth functionality across various platforms and devices.

Vue.js 3, Nuxt 3, Laravel, Typescript and Tailwind, Git, Figma, MySQL

JUNIOR SOFTWARE DEVELOPER / SUPPORT

Remotestaff.inc

November 2020 - January 2023

- Troubleshooted, debugged, and updated multiple websites. Managed and troubleshooted the Bullhorn third-party tool. Monitored CouchDB and MySQL databases.
- Implemented front-end solutions to improve user experiences.
- Maintained software applications through bug fixes, updates, and new features. Monitored and updated Docker containers in Rancher.
- Deployed pull requests efficiently with Git Bash.
- Integrated data from back-end systems and databases.
- Collaborated with web designers to align with visual design goals.

Python, Angular, Bootstrap, Vue.js 3, Tailwind, Wordpress

I.T SUPPORT SPECIALIST

Remotestaff.inc

October 28 2018 - November 2020

- Troubleshoot and resolve technical issues efficiently and professionally for end-users. Install, configure, and maintain hardware, software, and network systems.
- Provide technical support and guidance, ensuring smooth IT infrastructure operations. Administer and monitor IT systems for optimal performance and security.
- Manage help desk tickets, delivering timely resolutions to minimize downtime. Collaborate with cross-functional teams and vendors to implement IT solutions.
- Document procedures, configurations, and troubleshooting steps for an updated IT knowledge base. Conduct user training sessions to enhance IT literacy and productivity.
